

### **Executive Summary for the MCHFoundation Board of Directors**

#### Budget Request for Construction Costs 130 N Main Street, Fort Bragg, CA Phase 1-A

#### **Summary**

MCHFoundation purchase the Main Street Complex in October of 2021 via a bargain sale. Since then, MCHFoundation formed a committee to explore, develop and solidify plans to remodel the Farmhouse located at 130 N Main Street for office and meeting space for MCHFoundation.

The enclosed plans and budget request was finalized in conjunction with the City of Fort Bragg and County of Mendocino Planning Departments, City of Fort Bragg Community Development Department, the expertise of Debra Lennox, Architect, Gayle Greene Design, Todd Cole of Strata Landscaping, and Bob Cimmiyotti. Project Management duties were led by Gayle Greene, and supported by Mary Kate McKenna, Executive Director.

The recommendations ensure the building meets all City, County and State codes for occupancy as a commercial office space, incorporates ADA accessibility issues, and includes the requirements for safe usage, staff and volunteer function needs and board and committee meetings.

#### **Background**

The 5 parcels located at 120-136 N Main Street in Fort Bragg, CA were offered for sale through Mendo Sotheby's Real Estate and owned by Dr. Tom and Nina Carine. The site had been for sale for over 8 years at a combined listing price of \$844,000.

Dr. & Mrs. Carine approached MCHFoundation through their real estate broker, Greg Burke of Mendo Sotheby's Real Estate in Mendocino, for consideration by MCHFoundation of a partial donation of this property, otherwise known as a "Bargain Sale"

The Community & Partner Advisory Committee (Advisory Committee) recommended to the Mendocino Coast Healthcare Foundation (MCHFoundation) Board of Directors (Board) the purchase of 5 parcels located at 120-136 N Main Street in Fort Bragg, CA for the use by MCHFoundation for office space, storage, and other mission-oriented uses. The purchase was finalized in October of 2021 for \$500,000 with a value at closing estimated at \$895,000.

#### **Design and Planning Phase**

With Board approval, a Construction Committee was formed. The Committee members and their roles are:

- Mary Kate McKenna, CFRE, Executive Director, MCHFoundation
  - Project Oversight
- Gayle Greene, of Gayle Greene Designs
  - Project Manager
- Debra Lennox, of DBI Architecture
  - Architect of Record
- Bob Cimmiyotti, Volunteer and Former Board/Committee Member of MCHFoundation
  - Project Oversight and Planning/Design Confirmation

Beginning in late October 2021 the Committee has been meeting regularly to oversee inspections, work on design and incorporate the necessary elements for safe occupancy by MCHFoundation staff, board and volunteers. The proposed plan, budget request and contractor choice were the result of months of research, review, collaborations with County and City Planning departments and includes the best recommendations by the team of experts for the next steps in remodeling the aging historic farmhouse to a functional and please presentation for MCHFoundation to the community.

#### **Construction Phase**

The Committee solicited bids from four local contractors, received formal proposals from two, and chose Greenwood Construction as the contractor of choice based on the lower bid amount, which included a substantial in-kind donation to MCHFoundation for the work. The Committee feels the owner, Roscoe, will be a strong collaborative partner to our work and in this building / remodel phase. His quote is included in this packet for your information.

#### **Construction Timing**

We anticipate construction to start in October of 2022, and a formal timeline of funding needs, and focus of work will be reported to the Board as we move forward. The construction is anticipated to take between 6-7 months.

During this time, MCHFoundation staff will work out of the former Ferrell Gas Building which has been cleaned, and lightly spruced up to be an appropriate interim office space for staff.

This will also allow for on the ground oversite of the work as it's performed.

#### **Budget**

The preliminary budget estimate is \$500,000 which includes all costs for Phase 1-A with project management, contractor, and materials and labor for construction. This also includes an allowance for furnishings and fixtures, and landscaping just around the building.

This budget estimate already incorporates the in-kind donations and discounts.

Please see the attached budget pages and presentation for explanations.

Staff and consultants will continue to pursue additional discounts, in-kind donations and look for ways to decrease the cost as possible.

#### **Funding**

To fund the construction costs for Phase 1-A a few new processes would need to be instituted:

A separate checking account should be established for this work and check signing authority needs to be given to the following:

- Mary Kate McKenna, Executive Director
- Gayle Greene, Project Manager
- 2 Board Members of choice preferably Charlene McAllister (who is most frequently in town to sign checks) and Bill Knapp, Treasurer

#### Recommendations:

It is recommended that immediate funds for orders and deposits would be withdrawn by October of 2022 from the Unrestricted Sustaining Fund at Edward Jones. Mary Kate is in consultation with Paul our Investment Advisor on best timing to have the funds available when the board approves that method to fund.

**But** MCHFoundation could borrow the funds directly from Edward Jones at a rate of 3% versus an outright withdrawal. Mary Kate is in consultation with Paul our Investment Advisor for his recommendation.

MCHFoundation is not eligible as a non-profit for the City of Fort Bragg Business Opportunity Loans.

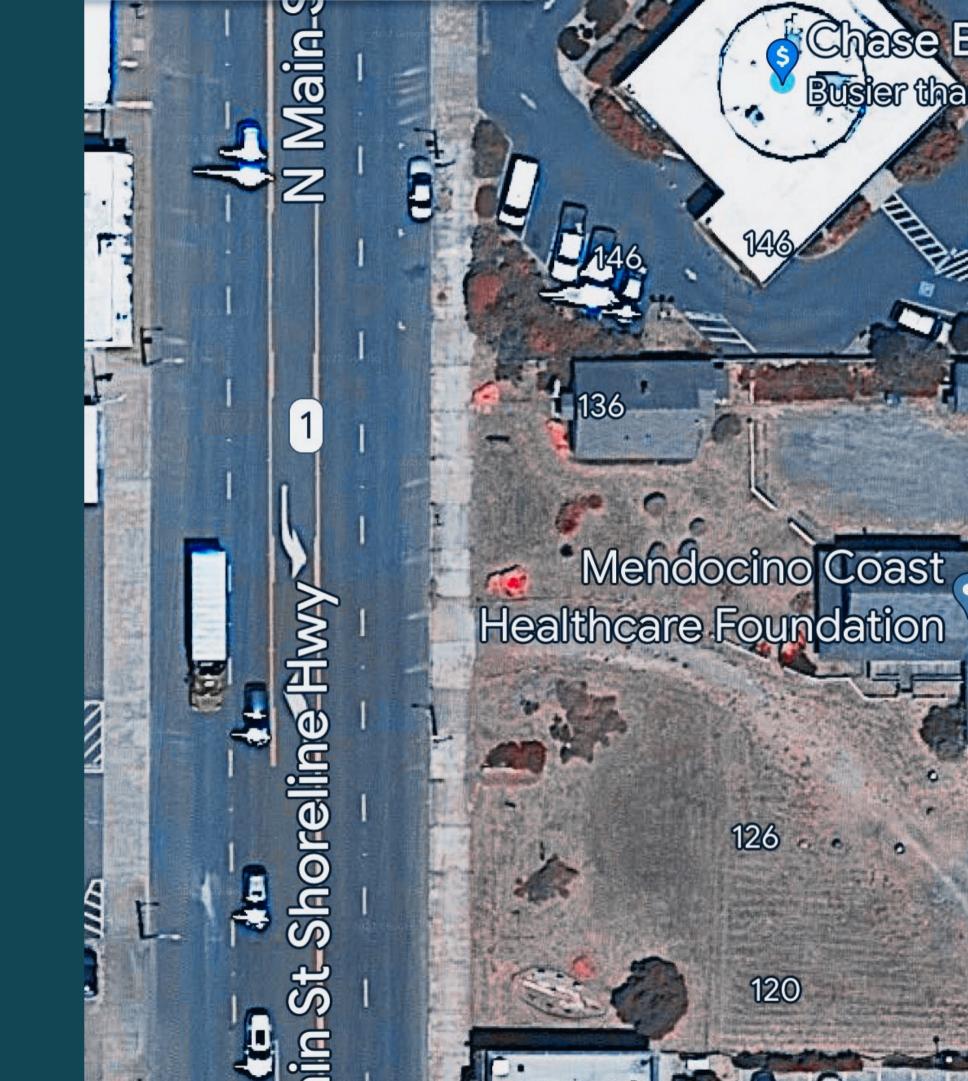

A plan of action will be formulated by MCHFoundation Staff and the Construction Team to provide a list of opportunities for fundraising through grants and direct asks to help replenish the funds required no later than January 31, 2023.

# MAIN STREET PROJECT

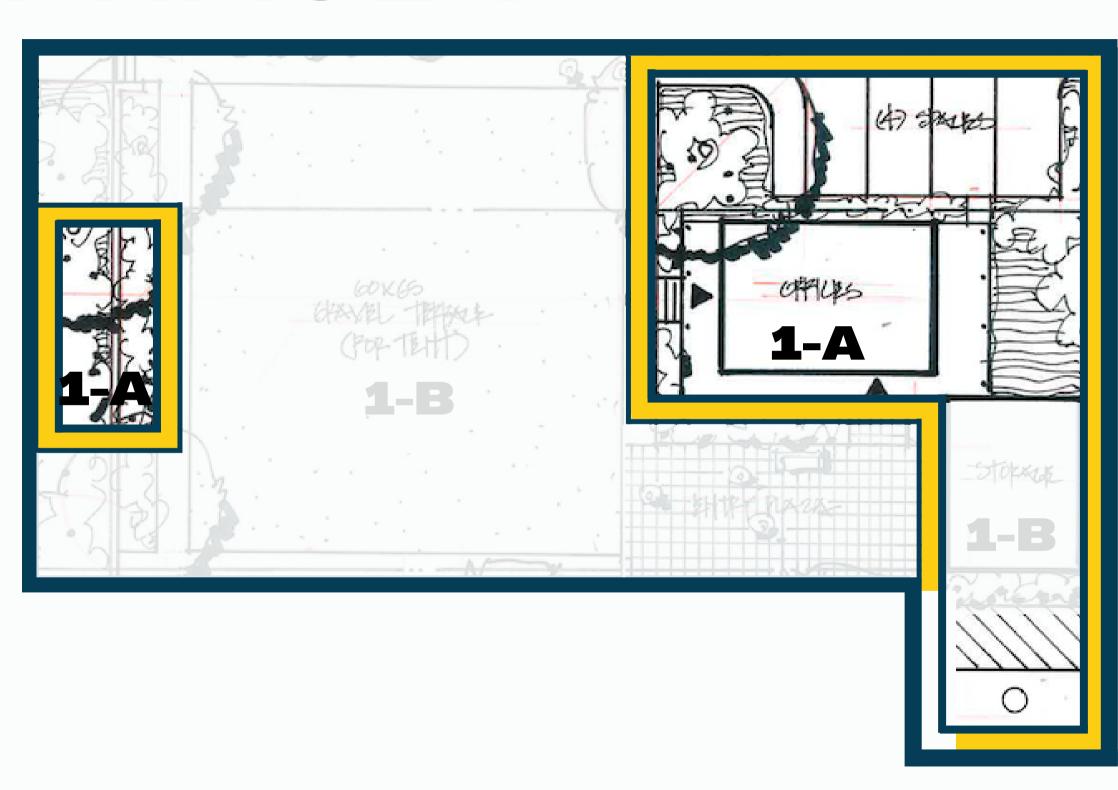

**130 North Main Street** 

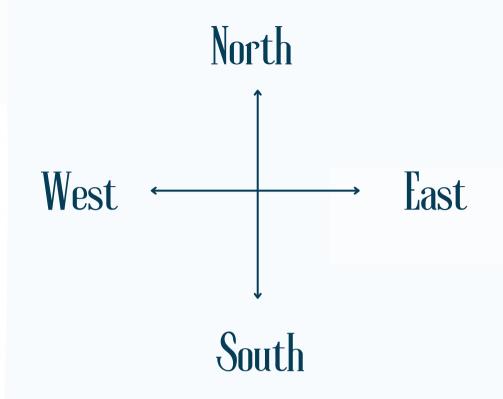

A centralized resource hub in downtown Fort Bragg that supports and provides solutions to the primary health and wellness needs of our community and the operational excellence of MCHFoundation.

## PHASE 1

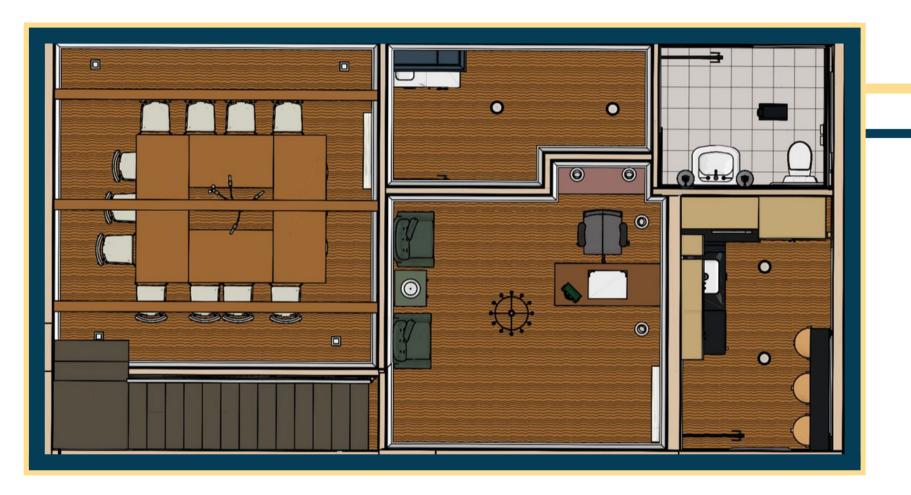

Remodel of the existing farmhouse into MCHFoundation offices to create a centralized workspace for critical community initiatives. Phase 1 will be broken into two stages, 1-A and 1-B.

## MCHFoundation Executive Offices

# FLOOR PLAN

Second Floor +

# + First Floor

## **Project Visualization**

We asked...and the community answered!
Providing discounts, in-kind donations, and store credits, a team of local organizations stand in support of the main street mission!

## **The Team & Hometown Partners**

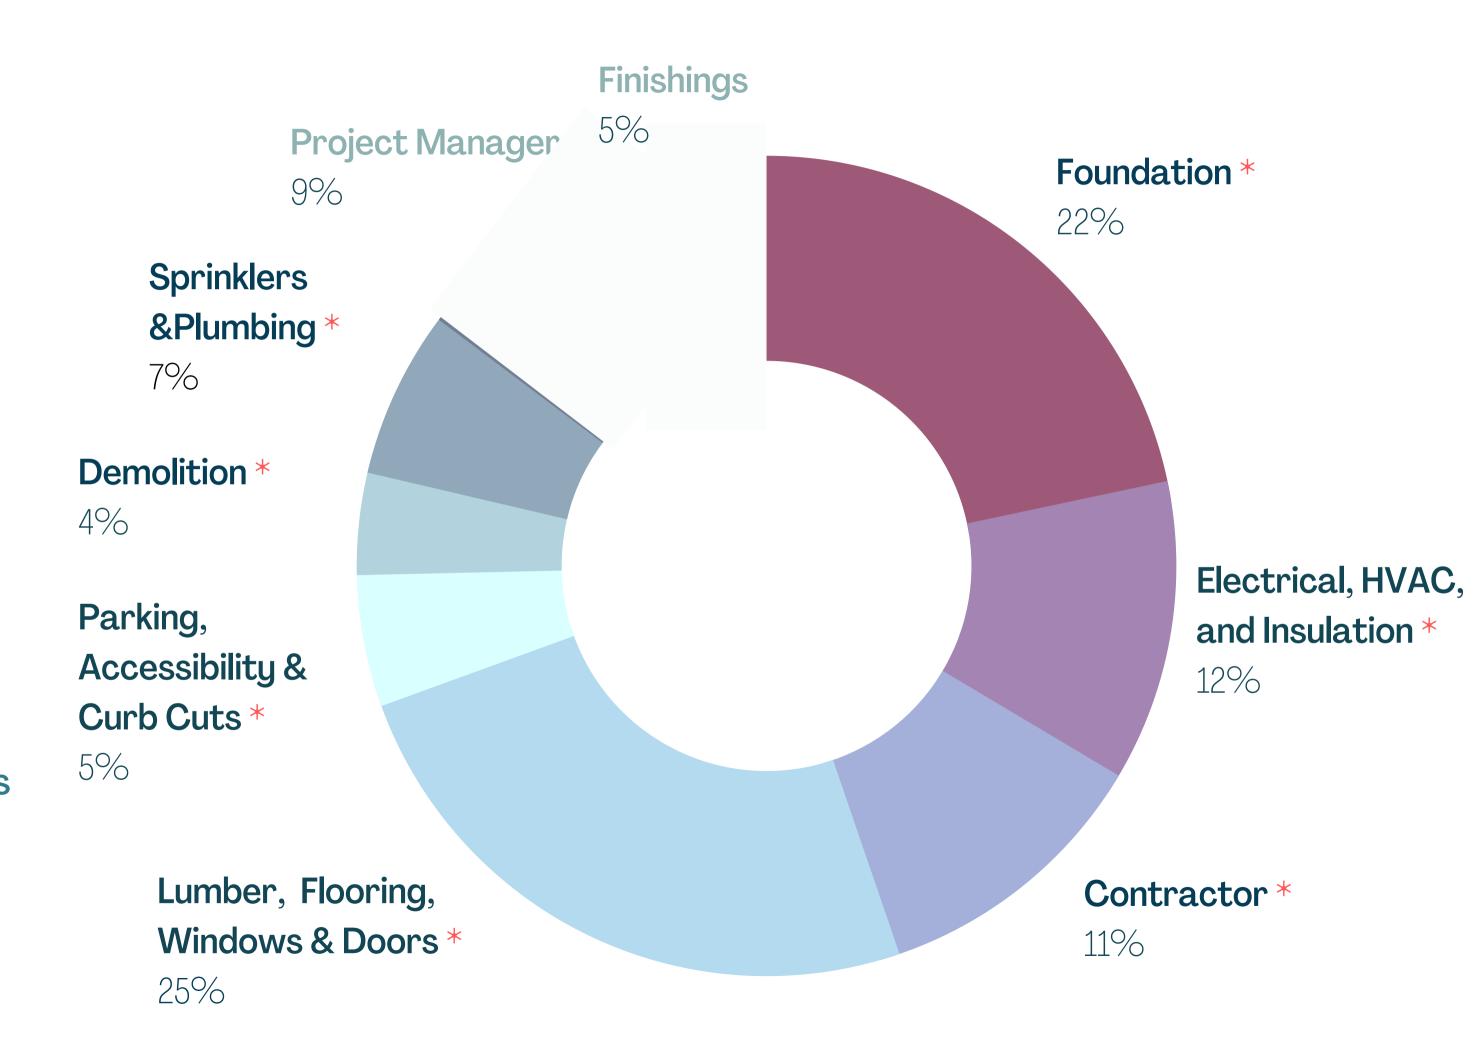

## BUDGET SNAPSHOT

\*Indicates costs related to code compliance and safety required for occupancy

Our community partners have offset 20% of the costs shown through inkind donations, store credits, and discounts.

# Funding Opportunities

#### Grants for the arts

Grants are available through local foundations and beyond to support artwork as a critical element of 130 N. Main.

### Grants for facility work

Grants are available at the county and federal levels to underwrite maintenance and facility costs.

### Grants for program

Grants are available to support specific facility use at 130 Main (nursing resource center, healthcare housing, childcare center, etc.).

# Next steps

## WHO WE ARE & WHAT WE DO

#### **GRANTS FOR NON PROFITS**

- Medical care for the unhoused
- Food pantry for teens
- Personal Protective Equipment for coastal nonprofits
- Coordination and support for the vaccination clinics
- Respite meals for healthcare professionals
- Enhancing telemedicine capacity
- Mental health case management services
- Resource and referral materials
- Translation services

#### **SUPPORTING NURSES**

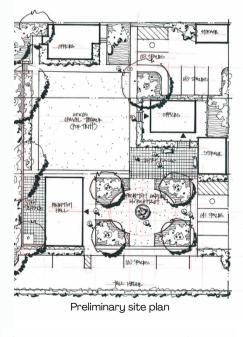

- Professional development scholarships
- **Housing** support
- **Investment** in the educational pipeline
- Stipend for coastal nursing school students
- Recognition of excellence
- Resources for **respite** and self care
- Nursing school and healthcare workforce scholarships

#### **ENHANCING CARE**

- Emergency Medical Services equipment
- Elevating coastal imaging technology
- COVID-19 Rapid Testing Machine
- Cancer care on the coast
- Hospice care

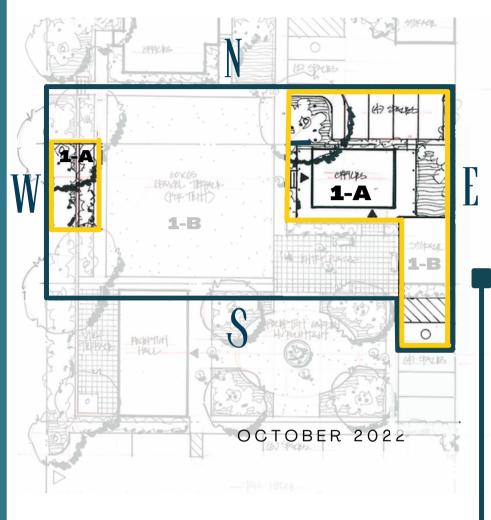

#### MEHIDOCIHO COLHTY HEUTHCAPE FOUHILATION CONCEPT ONE PLAN 410 WO' STRATE 5/500

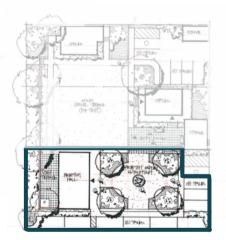

## **Our Vision**

We envision a centralized resource hub in downtown Fort Bragg that supports and provides solutions to the primary health and wellness needs of our community; The property will include respite housing for our healthcare workforce, educational resources and housing for nursing students, an event space available to healthcare nonprofits, and the MCHFoundation head office.
